

Lepton Morris

About us

Lepton Morris meets weekly on Thursday lunchtimes from 12:45 to 13:45 in the Rec-Soc sports hall. We have seven regular members, four from RAL and three who join us as associate members of the Rec-Soc. You do not need to have had experience of Morris Dancing to join Lepton Morris, beginners are very welcome!

We dance a variety of Morris styles including, Cotswold, Border, Molly and Clog. You can recognise us by the Lab Coats in which we dance. Each lab coat has our Lepton Morris logo on the front pocket and a large hazard warning triangle with a warning of the dancer's choosing on the back.

New Dances

In the past 12 months we have added three new dances to our repertoire:

A nautical themed Border morris dance that we created to the tune of Rambling Sailor.

A Molly dance that we adapted from a dance by Seven Champions Molly made entirely of Heys (figures where the dancers weave in and out amongst each other). We call our dance the "Four Heys of the Apocalypse", the figure "Headington Roundabout" has proved very popular with the other Morris sides and members of the public alike.

A Cotswold dance in the Ascott under Wychwood tradition which is danced to the tune of English Country Gardens and was taught to us by members of Hereburgh Morris.
