This Section has recently received a couple of membership enquiries and requests for membership (always the same as the snooker season draws to a close and the World Championships loom!) and the above list is correct at the time of going to press... pending the 2 other enquiries

The table continues to be used during lunchtimes and early evenings, but is restricted by the amount of storage in the area and this does impede and put off some members – Some people have assumed that the room is no longer in use!

Over the years the membership has been a steady number – Inevitably the interest in snooker has declined over the years, but we do have a hardcore of regular users...

Unfortunately changes in my work area and more recently, my health, has impacted on me being more dynamic and running the Paul Williams Tankard single competition, but we are looking to run this over the next month or so to coincide with the World Championships in early May!

For a period the new members (2014-15), did lead to a more interactive section and there was always a wide participation in the two Snooker Section Singles competitions (Paul Williams Tankard Singles & Singles League), but staff departures and me having an operation during the last PWT (2014/15) meant the competition wasn't concluded as we would have wished and I have had periods in Hospital in the following years when ideally, I would have been launching the competition, etc.

Hopefully we will be moving forward in the next few months...

Funds are currently at £78.24.
